Intrests

- Reading -Music

PROFESSIONAL EXPERIENCE

Pikoro | End of Study internship   2023

- My end-of-studies project with Pikoro focuses on developing a platform for club management.
- The project utilizes the Scrum methodology and the MEAN stack (MongoDB, Express.js, Angular, Node.js).
- Throughout the project, I have gained hands-on experience in implementing Scrum and effectively managing the development process.
- Working in a team, I have learned the importance of collaboration and effective communication within the Scrum framework.
- One significant aspect of the project has been the opportunity to learn and work with Angular JS and TypeScript.

Tunisia Game Show (TGS)   2023

- I had the opportunity to participate in the Tunisia Game Show as a participant in their hackathon.
- Collaborated with a team of talented individuals to develop a website that showcased our innovative ideas and technical skills.
- Awarded the first place in the hackathon competition.

Front-end Developer at QuetraTech   2023

- Working as a part-time Front-End Web Developer at QuetraTech for several months.
- Utilizing ReactJS, SCSS, HTML, and JavaScript to develop user interfaces.
- gained hands-on experience in creating visually appealing and responsive web applications.
- collaborating with a skilled team.

Nowadev | internship   July 2022

- Integrating into the **Nowadev** team
- Learning **React.js Hooks**
- Learning **NoSQL** database creation,integration and administration with **MongoDB**
- Learning Backend development with **Node.js + Express.js**
- Creating a website(Fullstack)using **MERN** stack(Mongo, Express,React,Node)

SagemCom | internship   July-August 2021

- Developing a module allowing the extraction of data from log files via **CVI** and the **GUI**
- Learning the **CVI** environment with **C language**
- Testing and implementing the module on the test and integration line
- Following and understanding the **CMS card** production process

National Microsoft Technologies Club (NMTC)

- Actively participated in the National Microsoft Technologies Camp (NMTC) as both an organizer and a participant Served as an organizer for the 2022/2023 NMTC event, responsible for planning, coordination, and logistics management
- Participated in the NMTC Hackathon during the 2021/2022 event, collaborating with fellow enthusiasts to develop innovative solutions using Microsoft technologies

ASSOCIATIVE WORK

NMTC Organizer   2023
